A Legacy of Service: The Gladstone Knights of Columbus and Their Partnership with Pregnancy Services of Delta County

For more than four years, the Gladstone Brother Felix Council 6667 of the Knights of Columbus has played a central role in supporting Pregnancy Services of Delta County through major fundraising efforts, hands-on renovation work, and long-term financial and volunteer commitments. Together with neighboring councils and community partners, the Knights have helped Pregnancy Services of Delta County expand its services, obtain life-saving technology, and transform a former credit union into a fully functional pregnancy resource center.

A New Home for Pregnancy Services of Delta County: Acquisition of the U.P. State Credit Union (2022)

In **December 2022**, Pregnancy Services of Delta County purchased the former **U.P. State Credit Union** building, offering a long-awaited opportunity to expand into a larger and more versatile facility.

U. P. State Credit Union building before renovation

Above is the Drive Through and below is the Lobby prior to the renovation

Transforming the Building: The 2025 Renovation

By **May 2025**, Pregnancy Services of Delta County was ready to renovate the former bank building into a fully operational pregnancy resource center. Because the Gladstone council is blessed to have members with the professional skill set to take on and manage a project of this magnitude, the Knights were approached to support this endeavor. The time and effort for this renovation project were donated primarily by the Gladstone Knights of Columbus.

- **Tim Beauchamp – Contractor (operates his own contracting business in Delta County, Tim Beauchamp Builders Inc.). Tim is a member of the Gladstone council and donated his time and talent to this project along with pulling the building permits needed for the renovation.**
- **Rob Morrow – Plumbing & HVAC (works for Berger and King, a local plumbing and HVAC contractor in the Escanaba area). Rob is a member of the Gladstone council and volunteered his time and talent along with pulling the necessary permits for the Plumbing and HVAC needs for the renovation.**
- **Rob Leveille – Electrician (operates his own Electrical Contractor business in the Escanaba area, Freedom Electric Co.). Rob's family has been supporters of Pregnancy Services of Delta County for years and volunteered his time and talent along with pulling the necessary permits for the Electrical needs for the renovation.**
- **Brent Chaillier – Project Planner/Facility Modeling (operates his own home modeling business on the side in the Escanaba area, BC Creations 906 LLC.). Brent is a Mechanical Engineer and a member of the Gladstone council. He volunteered his time and talent to develop the drawings and project work punch list, necessary for the completion of the renovation project.**
- **Brad Chaillier – Project Manager/Site Organization. Brad is a retired Millwright by trade but worked as a Project Manager for a local industrial contractor for the last 10 years of his career. He is a member of the Gladstone council and volunteered his time and talent to organize the volunteers on the job site, making sure they were paired up correctly with the jobs they were performing. Utilizing his construction experience, Brad was the main boots on the ground volunteer for the project.**
- **Mike Mineau – Council Organizer. Mike, a retired Industrial Engineer and the Grand Knight of the Gladstone council, organized and recruited the council members for the work scheduled onsite. Along with donating his time and talent to complete various project tasks at the Center.**

- **Jamie Fisher – Pregnancy Services of Delta County Executive Director. Jamie offered valuable insight on what changes to the building were needed and how the renovation could optimize the day-to-day operations at the Center.**
- **Gladstone Knights of Columbus, Brother Felix Council #6667 – In addition to those mentioned above, 22 additional members donated their time and talent to the success of this project.**

The committee drafted a complete list of required permits—then secured them—and created a room-by-room renovation plan detailing completed and pending items. They also developed a materials list that doubled as a shopping list, ensuring efficient purchasing. Various Knights provided and shared tools across the project. Throughout the renovation, the council coordinated inspections from building, electrical, and plumbing officials to ensure full compliance with local and state standards.

The renovation committee developed an Excel Spreadsheet to capture all project correspondence, work lists, bill of materials, volunteers, and a volunteer log.

Above is an example from the Renovation Committee Project List and below shows an example from the Committee's Questions and Task list

General Questions / Committee Tasks

ID #	Question	Answer	Lead	Status
1	Should we get an Inspector's opinion on tasks, to understand what needs permits and what does not?	Most likely not needed but might be a good idea. Check with Dubord - 4th Degree Knight (Talked to Harald, Dubord was a tax accessor not an inspector. Confirm one way or the other.	Committee	Completed
2	Remove future from room names in model, stick with names that they will be when completed?	Good to remove Future verbiage	Brent Chaillier	Completed
3	Board Meeting Update	Get update from Mike each meeting - Next one on April 15th.	Mike Mineau	On Going
4	Board expectations from Remodel Committee. Progress or Financial reports for their review?	Provide General Idea of Remodel Schedule. Will use Project List Spreadsheet as Financial Report. Do we want Virginia to create a real Financial Report Quarterly?	Mike Mineau	No Complaints
5	Do we need to assign a Treasurer?	Yes - Virginia Halfrish	Jamie Fisher	Completed
	How do we gain access to funds and what process do we plan on using for making purchases?	41 Lumber Account - $10,000 Cap on charge account - Virginia to pay bills as necessary. Turn in receipt in EVERY	Jamie Fisher	Completed

All together there were 27 Knights of Columbus volunteers and 1,398 hours of volunteer time to keep track of.

Building Layout Prior to Renovation

Building Layout After Renovation

Construction Timeline and Completion (May–October 2025)

Renovations began in **May 2025** and concluded in **October 2025**, transforming the former bank into a welcoming, functional pregnancy center equipped to serve families for years to come.

The contributions of the Gladstone Knights resulted in significant labor savings for Pregnancy Services of Delta County, allowing the organization to focus more resources on client services. Below are some of the numbers, along with various pictures showing some of the larger portions of the project.

- **27** Council Members volunteered to carry out the project
- **1,398** hours of time donated by the Knights of Columbus
- **$87,800** of labor cost savings for Pregnancy Services of Delta County

Pouring concrete curb for a support wall and garage door in what was once a drive through.

Building the front wall and an interior wall to divide the space in the former drive through.

Building a rear wall to complete enclosing the drive through.

Removing the teller station from what was once a credit union lobby.

Building a new wall to create the new resource room separate from the lobby area.

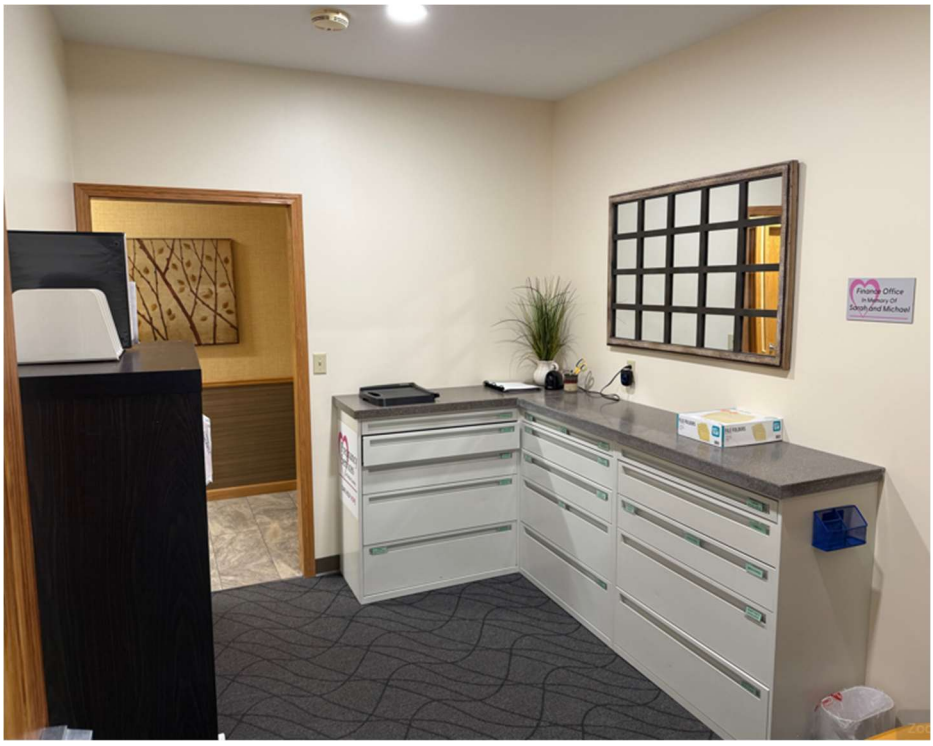

Changing the old and wasteful ceiling lights from fluorescent fixtures to new LED fixtures which give better lighting and are more energy efficient.

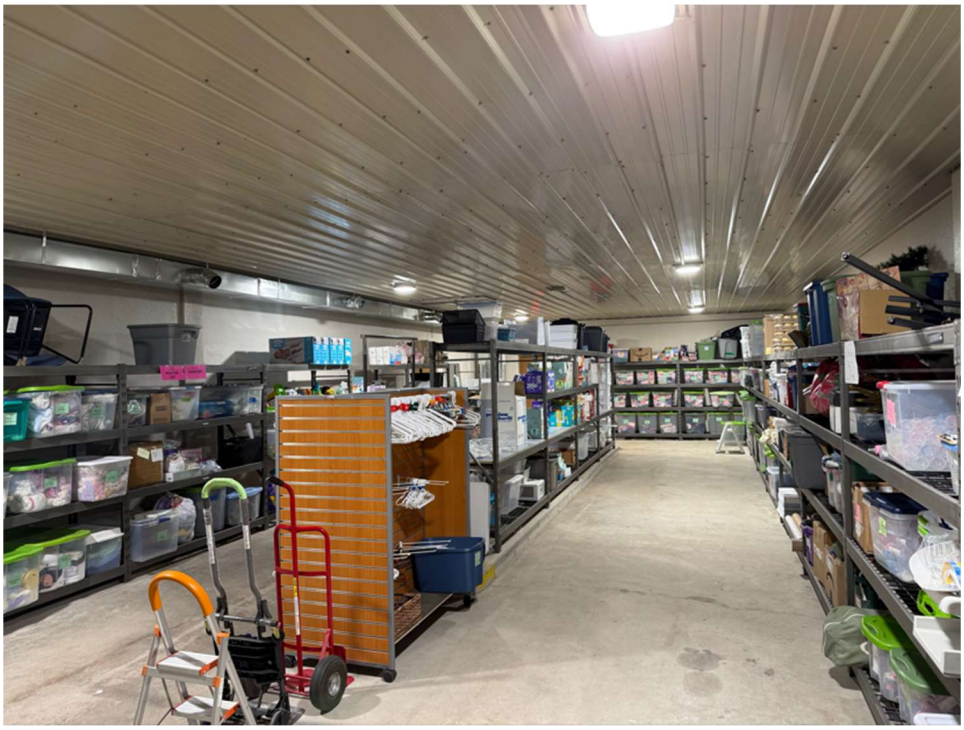

Above is the lobby after the renovation and below is the new office supply area

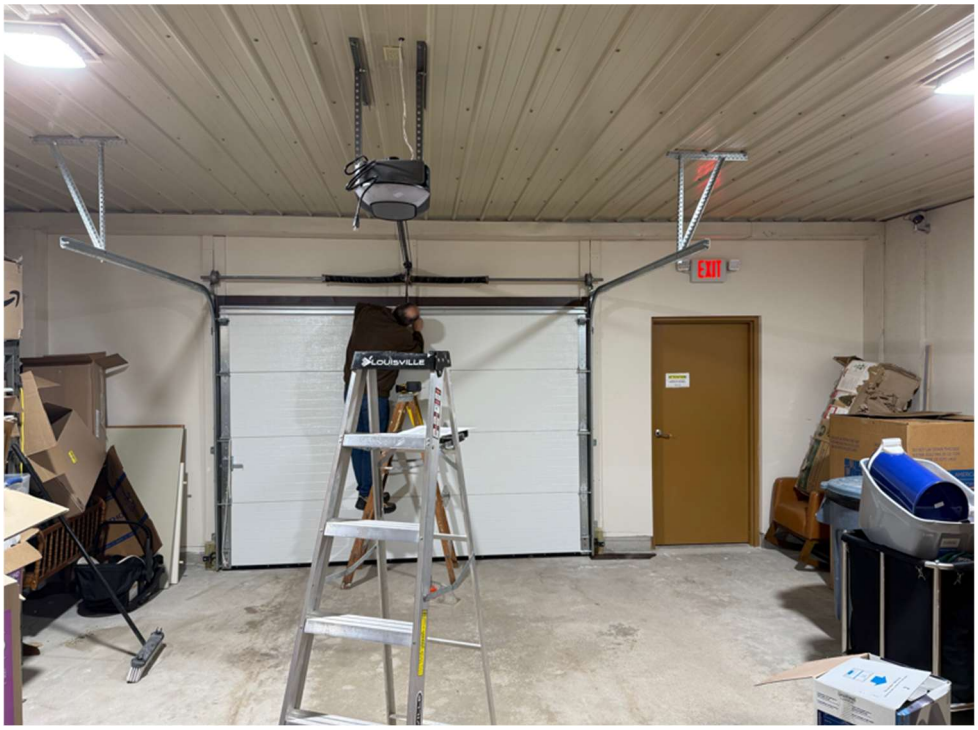

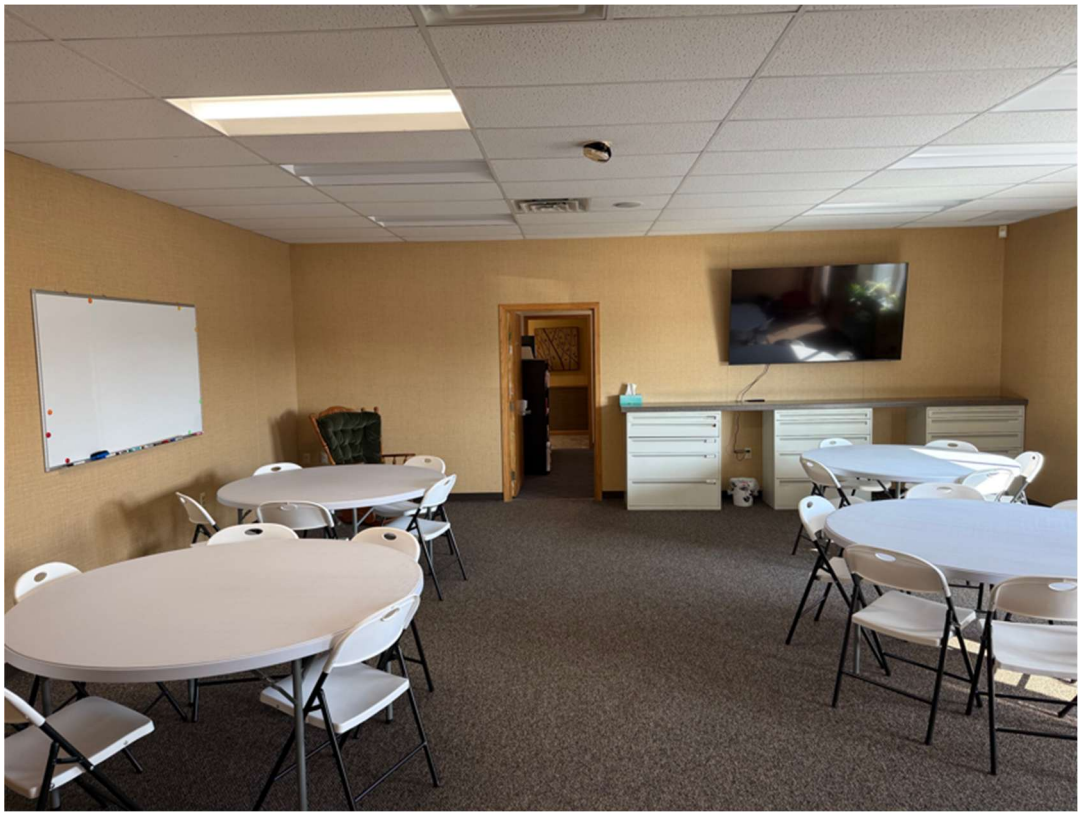

Both pictures are of the new resource room where client's shop for items they earn from on-line classes. This area was previously occupied by the credit unions teller counters, a safe room, and a storage room. Walls were removed to make one larger space.

Above is the supply room and below is the loading area, both were the drive through before the renovation. New lighting, a furnace, and shelving was installed in these areas as part of the project.

Above is the training room where the Center conducts breast feeding, child birthing, and general trainings for Staff and Volunteers. This was the previous Resource Room before the renovations.

A Partnership Rooted in Service

From fundraising to construction, from moving furniture to installing state-of-the-art medical equipment, the Gladstone Brother Felix Council of the Knights of Columbus, in partnership with surrounding Escanaba Council #640 and the Bark River Council #13863, have been a consistent force for good in the community. The fruits of these activities have been serving the community well and have been a great way for our councils to fraternally come together for a good cause. Sharing the benefits of this throughout the central Upper Peninsula which we serve. We, as faith-filled men, have been able to begin new friendships and expand existing ones through this project.

Our collaboration with Pregnancy Services of Delta County is a testament to what can be accomplished when faith, skill, and compassion come together with a shared mission: supporting mothers, families, and new life across Delta County and the central Upper Peninsula.

Above is a picture of the exterior of the building after the Renovation

Friends of Pregnancy Services of Delta County

Important, but long read!
As you may be aware, we are starting renovations to make our center more functional. This will allow us to continue growing and expanding our services. Our resource/shopping room will almost triple in size. We will have a large private room for group classes, including First Aid and CPR, which will start after renovations are completed.
Renovations began today and will continue for several months. We are extremely blessed to have our renovation team in place. We meet monthly to discuss designs, plans, and decisions, and now our plans will be executed with the help of the Knights of Columbus and many volunteers who share special talents in various trades. Because of their willingness to serve, PSDC will save thousands of dollars.
These men are not doing this because they are bored or want extra money. They are doing this so Pregnancy Services can expand, helping families in our community choose life for their unborn babies and supporting them in their parenting journeys. Clients feel cared for when they walk in our doors, often mentioning "there is just so much peace here."
In 2023, Pregnancy Services expanded from a 900-square-foot, two-story home to a limited medical facility with over 7,000 square feet. After renovations, every square inch of space will be utilized. PSDC has served over 900 families since opening in 2015, with 350 individuals starting services since our move to the new location a couple of years ago. Our numbers are growing, and we have performed over 60 free ultrasounds, with almost every client choosing life after seeing their baby.
Our team, amazing volunteers, dedicated support, and generous donors made this possible. But our amazing God orchestrated this whole operation!
If you have been praying for our ministry, thank you! If you are serving or donating, thank you! If you can help during renovations, thank you! If you are looking for a place to serve, call Jamie at (906) 241-9344.
This masterpiece is being put together piece by piece, and it wouldn't be perfect without each person's contribution.

Above is a Facebook post in early May from the Center regarding the renovation

September 7, 2025 ·

We are getting so close to having the renovations completed. We will have a larger resource room and a space for group classes.

We are extremely grateful for the Knights of Columbus and all the donors who made this possible!

Stay tuned!

Above is a Facebook post in early September from the Center regarding the renovation

Fall 2025

Pregnancy Services of Delta County

CARE HELP HOPE

The Knights of Columbus Pro-life Ideals in Action

We have been in the middle of some exciting improvements to our center!

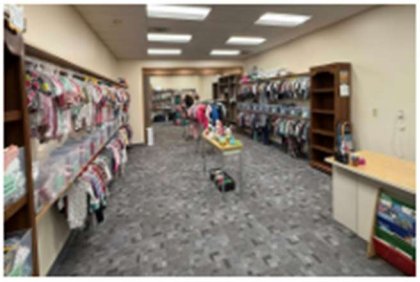

Since May, renovations have been underway to make better use of our new building (the former UP State Credit Union building next to the Escanaba post office). Those renovations included removing the teller stations, putting up walls for the new resource room, enclosing the drive through, enclosing the bookkeeper office, installing a shower to clean large baby items, and replacing all the lights throughout the building. By early October, these projects were completed and volunteers were able to move the baby and maternity items into the new resource room.

The Knights of Columbus–led by Gladstone Knight, Brad Chaillier–have been instrumental in providing the labor free of charge. Additionally, several others volunteered their time as project advisors. Pregnancy Services has been blessed by the generosity of all who assisted with their time, talent and treasure they have shared with the ministry.

Because of the time donated by volunteers, the renovation project has been significantly under-budget. This allowed us to make additional improvements, such as replacing all the carpeting throughout the center. The remaining projects are planned to be completed by early next year.

The Knights of Columbus have also been the driving force for Pregnancy Services' ability to provide ultrasounds free of charge to women in need. They were the major funder of the ultrasound machine. The Knights have also continued to cover the costs of the ultrasound through ongoing fundraising efforts such as parking cars at the UP State Fair and the UP Steam and Gas Engine Show.

Pregnancy Services has been immensely blessed by all who have donated their time, talent and treasure for the purchase and renovation of our new building. Because of the extreme generosity of so many, we will be able to continue to provide and expand the live-affirming services to men, women, and their children.

Together for Life,

Jamie Fisher, LAS, Executive Director

Above is the Fall news letter from the Executive Director of the Pregnancy Center thanking the Knights of Columbus for the Renovation and Partnership

Beyond this point is not a part of the Renovation project of 2025 but we included it to show the partnership that exists between Pregnancy Services of Delta County and the Knights of Columbus in Gladstone #6667, Escanaba #640 and Bark River #13863.

Beginning the Mission: Fundraising for an Ultrasound Machine (2021)

The partnership deepened in **2021**, when the Gladstone Brother Felix Council #6667 launched fundraising efforts to help Pregnancy Services of Delta County purchase a new, modern ultrasound machine. Understanding how essential ultrasound imaging is for women facing unexpected pregnancies, the council made the project a top priority and began laying the groundwork for a multi-year fundraising campaign.

Funding the Ultrasound Machine: A Regional Effort (Summer 2023)

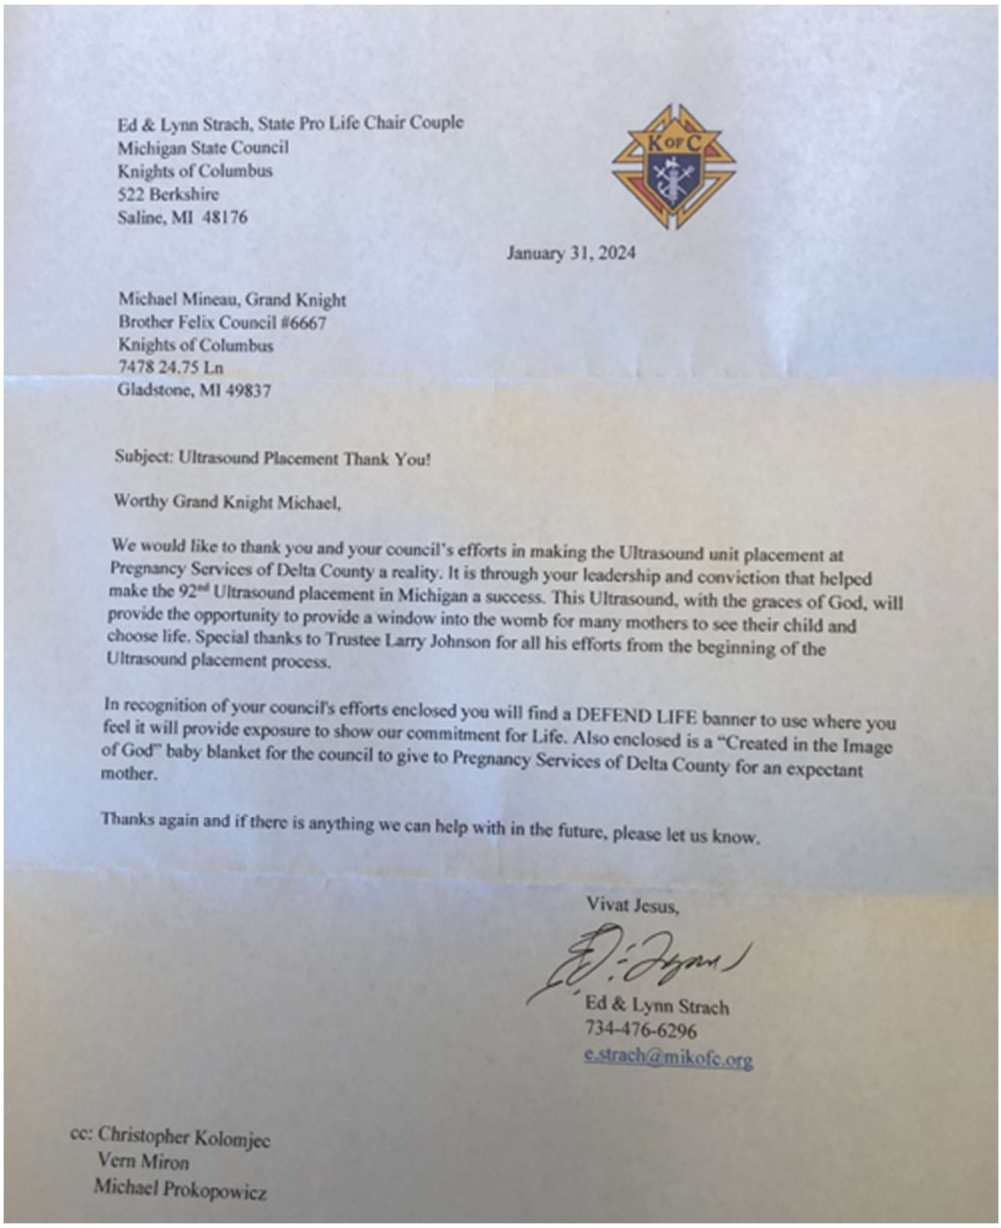

By the **summer of 2023**, momentum had grown. The Gladstone Council, working closely with the Escanaba Council 640 and Bark River Council #13863, fully funded the purchase of Pregnancy Services of Delta County's new ultrasound machine. Additional support came from:

- **Livingston County Ultrasound Initiative**
- **All Saints Catholic Church**
- **Knights of Columbus Supreme Council**
- **Many local donors**
- **20** Council members volunteered to complete the project
- **141** hours donated by the Knights of Columbus
- **$27,402** raised locally for a total of **$48,402**

The Gladstone Council also assisted Pregnancy Services of Delta County in the competitive bid process, evaluating proposals from three suppliers, and attending presentations and demonstrations to determine the best fit for the Center. Once the ultrasound machine was purchased, the Knights of the Gladstone Council #6667 remodeled the ultrasound room to make it usable and welcoming for clients.

Left to right: Escanaba Council #640 Grand Knight Tom Desy, Bark River Council #13863 Grand Knight Brent Madalinski, Pregnancy Services of Delta County Executive Director Jamie Fisher, Gladstone Council #6667 Trustee Larry Johnson, Gladstone Council #6667 Grand Knight Mike Mineau.

Subject: Ultrasound Placement Thank You!

Worthy Grand Knight Michael,

We would like to thank you and your council's efforts in making the Ultrasound unit placement at Pregnancy Services of Delta County a reality. It is through your leadership and conviction that helped make the 92nd Ultrasound placement in Michigan a success. This Ultrasound, with the graces of God, will provide the opportunity to provide a window into the womb for many mothers to see their child and choose life. Special thanks to Trustee Larry Johnson for all his efforts from the beginning of the Ultrasound placement process.

In recognition of your council's efforts enclosed you will find a DEFEND LIFE banner to use where you feel it will provide exposure to show our commitment for Life. Also enclosed is a "Created in the Image of God" baby blanket for the council to give to Pregnancy Services of Delta County for an expectant mother.

Thanks again and if there is anything we can help with in the future, please let us know.

Vivat Jesus,

Ed & Lynn Strach

Letter from State Pro-Life Chair Couple thanking the council for our efforts

Before the center could move into the new building, the Gladstone Knights stepped up to assist with essential interior improvements. Council members painted rooms, repaired drywall, installed carpeting, and equipped the Center with a washer and dryer to clean donated clothing for expectant mothers and newborns.

- **5 Council members** volunteered to complete the project
- **63 hours donated** by the Knights of Columbus
- **$14,000 labor savings** by Pregnancy Services of Delta County

Rob Morrow relocated the water heater and installed the necessary hardware to install a washing machine and dryer

Brad and Brent Chaillier installed upper and lower cabinets in the new clothing prep area

Mike Mineau painting the entry where the ATM once was

New carpeting that Gary Chouinard installed

Moving Day: Councils Join Forces (Spring 2023)

In the **spring of 2023**, the Gladstone (#6667) and Escanaba (#640) councils worked together to move Pregnancy Services of Delta County into its newly purchased building. Volunteers transported equipment, set up offices, and prepared the Center for daily operations.

- **21** Council members volunteered to complete the project
- **84** hours donated by the Knights of Columbus
- **$5,000** labor savings by Pregnancy Services of Delta County

Above is a picture of the original Pregnancy Center

Moving from the old center building to the new Pregnancy Center

Preparing the Ultrasound Room: Construction & Installation

Once the final vendor was selected, the Gladstone Council again stepped up—this time to prepare the ultrasound room.

- Mounting a large-screen monitor so clients could view their baby during the scan
- Installed cabinetry to store supplies for the ultrasound machine
- Added a sink to support proper sanitation for ultrasound technicians
- **5 Council members** volunteered to complete the project
- **107 hours** donated by the Knights of Columbus
- **$7,500 labor savings** by Pregnancy Services of Delta County

Above is the Ultrasound Room. The center has performed 88 ultrasounds since it was installed in January 2024 and 82 have chosen life for their baby.

Ultrasound Dedication and Ongoing Support (January 2024 – Present)

Pregnancy Services of Delta County's ultrasound machine was officially dedicated in **January 2024**. Because the Knights of Columbus were the primary funders of the machine, all three local councils—Bark River, Escanaba, and Gladstone—continue to ensure that ultrasound services remain **free of charge** for women in need.

92nd Ultrasound Dedication

Pregnancy Services of Delta County

Submitted by: Ed Strach, Life Director

On the afternoon of Friday, January 26, 2024 the 92nd Ultrasound unit in Michigan was dedicated at Pregnancy Services of Delta County, Escanaba. This Ultrasound unit was sponsored by the Brother Felix Council #6667, Gladstone, Bark River Council #13863, Bark River, Escanaba Council #640, and the Escanaba 4th Degre Assembly #507, Escanaba. Several members of the State Board and Directors were in attendance making time in between diocesan meetings in the Marquette and Gaylord Dioceses.

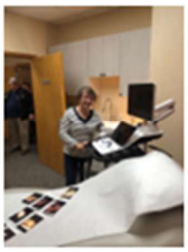

Pictured far left is Executive Director Jamie Fisher and Fr. Jamie Ziminiski during the opening prayer. Next is Pastor Tim Haugen, board members Fr. Robb Jurkovich, Dr. Mary Whitmer, Executive Director Jamie Fisher, and Judi King.

Below shows Larry Johnson addressing those who attended the Ultrasound dedication. Following pictures include Mary Ann Severyn standing next to the newly dedicated Ultrasound unit and in the next picture members of the Gladstone, Escanaba, and Bark River councils with Jamie Fisher. Comments of support were given by State Deputy Christopher Kolomjec (pictured below with Jamie Fisher and State Chaplain Fr. Aidan Logan). Shown at bottom right is Escanaba council member Dan Hughes presenting a fundraising check to Jamie Fisher. Bottom Left State Program Director Paul Palka takes some time to chat with Jamie Fisher.

Congratulations to members of Brother Felix Council #6667, Gladstone:

This Ultrasound placement was possible through the leadership of Brother Felix Council #6667 Grand Knight Michael Mineau and Trustee Larry Johnson. Through planning, hard work, and the cooperation of neighboring councils, 4th degree assembly, and All Saints Parish of Gladstone $23,253 was raised. This amount is 50% of the cost of the Ultrasound unit with the other 50% provided by Supreme Council Knights of Columbus totaling $46,506! In addition another $5,000 was raised to cover future maintenance costs.

Other supporters include:

Escanaba Assembly #507 — Escanaba Council #640 — All Saints Parishioners, Gladstone

Bark River Council #13863 — Marquette Council #689

Special thanks to Livingston County Ultrasound Initiative for their contribution and continued support!

On behalf of Pregnancy Services

We are extremely thankful for the support from the Knights of Columbus. Over the years, Ultrasound had become a dream of ours, but due to needing a larger facility, it was unrealistic. God opened doors and here we are in our new location. Thanks to the Knights of Columbus our ultrasound unit is ready to be used. This will give a woman and her partner the opportunity to see their unborn baby in her womb. What a dream come true! This wouldn't have been possible without the financial support and the outpouring of prayers. We are grateful and we can't wait to see how God is going to use this tool for His glory.

Fundraising efforts continue with Gladstone, Escanaba, and Bark River coming together to maximize our donations through the **Knights of Columbus Supreme ASAP program**. Our ongoing fundraising efforts include staffing parking operations at:

- The **U.P. State Fair**
  - **38 council members** volunteered in 2024 and **27 council members** volunteered in 2025
  - **247 hours** donated in 2024 and **396 hours** donated in 2025
  - **$3,896** raised in 2024
  - **$7,058** raised in 2025
- The **U.P. Steam and Gas Engine Show**
  - **19 council member**s volunteered in 2024 and **28 council members** volunteered in 2025
  - **176 hours** donated in 2024 and **236 hours** donated in 2025
  - **$1,000** raised in 2024
  - **$2,000** raised in 2025

These events generate annual income used for ultrasound machine support, maintenance, and the Center's growing client needs.

The Gladstone Knights of Columbus Council has a long-standing relationship with their local Pregnancy Center, and we are looking forward to supporting it into the future.

The above parking donations are given to the Pregnancy Center under the Knights of Columbus ASAP Program.

	Number of Volunteers	Hours Volunteered	Cost Saving or Donations	Donations by Supreme	Grand Total
Renovation Project	27	1398	$ 87,800

Above shows the total number of volunteers, hours, and costs savings / donations from the Knights of Columbus to the Pregnancy Services of Delta County

In the future the Gladstone, Escanaba, and Bark River Knights of Columbus councils have plans to continue to support Pregnancy Services of Delta County together by maximizing our donations through the **Knights of Columbus Supreme ASAP program**. This ASAP program is helping the Pregnancy Center maintain the existing Ultrasound system and to purchase a new Ultrasound system when the need arises. We also plan to come alongside the Pregnancy Center whenever we have the opportunity to support them. This partnership is at the core of our charity work and it is an honor to serve our community in this way.
