

Casey Bear Pricing

The Casey Bear program has experienced significant demand this past fraternal year. Upon attempting to procure additional Casey Bears, it was discovered that the previous supplier is no longer operating. A new supplier has been secured; however, there are differences in the product. The new bears measure 8” in height when seated and 10” when standing, compared to the prior 7.5”. Each case will continue to contain 24 bears. The latest bears will feature “Catholic and Proud” on the back of their shirts. Effective immediately, the updated pricing for Casey Bears is as follows:

- The cost for a case of 24 Casey Bears is \$325.00.
- Shipping cost: Due to increased shipping expenses, please contact the State Community Director to confirm the current shipping rate before issuing payment.

Inventory of the new bears is expected by the first week of May. We appreciate your continued support of this valuable program.
