

Our mission: Acknowledging that every human life begins at conception and is worthy of protection, Care Net offers compassion, hope, and help to anyone considering abortion by presenting them with realistic alternatives and Christ-centered support through our life-affirming network of pregnancy centers, churches, organizations, and individuals.

Our Vision: Care Net envisions a culture where women and men faced with pregnancy decisions are transformed by the Gospel of Jesus Christ and empowered to choose life for their unborn children and abundant life for their families.

Pregnancy Centers are local, nonprofit organizations that provide compassionate support to women and men faced with difficult pregnancy decisions. Care Net is dedicated to partnering with independent pregnancy centers and providing them with the resources they need to serve their local communities.
